The News.

The *America*, which arrived at Halifax yesterday, brings the unwelcome tidings that the Telegraph Cable, after being successfully laid for 335 miles, parted on the 11th inst., and that the fleet had returned to England, that the Directors of the enterprise might decide what was next to be done. This first failure, we are confident, will only lead to further and eventually successful efforts to connect the old and new world by the Telegraph wires. The news from India is unsatisfactory. Delhi is still in possession of the revolted Sepoys, and further mutinies had occurred. The market for Breadstuffs, in consequence of stormy weather, had advanced. There was nothing of special interest from the Continent.

Wall Street continues to be greatly excited by actual and reported failures. Stocks have fallen rapidly, money is tight and confidence scarce. It is feared that a number of banks are involved in John Thompson's failure, and that other houses, besides those mentioned in the despatches, to-day and yesterday, are tottering to their fall.

The Federal administration have again been foiled in their attempt to convict Gov. ROBINSON of treason, for accepting the office to which the people of Kansas had elected him.

The Democratic State Convention meets at Madison to-day. The Barstow and anti-Barstow wings will be both on hand, in full force, and each sanguine of success. Quite a number of Delegates passed through our city yesterday, on their way to Madison, and there was a large amount of electioneering done during the day.

Delegate Elections.

The Republicans of our city are summoned to meet, *to-morrow* evening, for the purpose of choosing delegates to the State Convention, which is to assemble at Madison, on Wednesday next.—Upon the delegates then elected, will devolve the duty of nominating the standard bearers in the approaching fall election. Success depends in a large degree, upon the choice of these candidates, and it behooves all, therefore, who have at heart the ascendancy of the Republican cause, to take part in these primary meetings. It should be our aim to send to the convention at Madison, men qualified and worthy to represent the Republican sentiment of our city. Let us select for that responsible duty, those in whose judgement, character and principles we can safely and unhesitatingly confide, men not pledged to any particular candidate, but anxious only to promote the success of our principles, and to secure the welfare of the State. There is no lack of such men in the Republican ranks, and it only needs the general attendance and cordial co-operation of the friends of the good cause, to ensure the election of such delegates at the primary meetings to-morrow evening. Therefore it is that we invoke the Republicans of our city, *one and all*, to attend the Ward meetings *to-morrow*, and to vote for sound, reliable and trustworthy delegates.

STRUCK OFF.—Wm. B. JARVIS, a lawyer of Madison has had his name stricken from the roll of attorneys of the Circuit Court of that district.

NOTICE TO DISTRICT CLERKS.—School District Clerks should not forget or neglect to make their reports to the Town Superintendent by the 1st of September; if they do, the children of their respective districts will not be entitled to their share of school money.

☞ John Haverty is appointed Superintendent of Indian Affairs for the Western Agency vice Gov. Cumming. On the assembling of Congress, Frederick P. Stanton, Secretary of State of Kansas, will succeed him.

Henry F. Wendell has been appointed Navy Agent at Portsmouth, N. H. vice Nehemiah Moses.

Joseph Holt of Kentucky, has been tendered, but declined, the appointment of Commissioner of Patents.

OPENING OF THE HYATT HOUSE.—The Hyatt House, the spacious and elegant Hotel just built at Janesville, was opened with appropriate festivities, yesterday. Quite a large party left here, in the noon train, to assist in the celebration.

STEAMBOAT SUNK.—The steamer *Pioneer*, of the Chicago & Oshkosh Railroad line, struck a snag last Friday, while on her trip up the Wolf River to New London, and sunk almost immediately. The water is quite shallow where she went down. She is damaged but little, and will be raised without much difficulty or delay.

The *Fannie Fisk* will take the place of the *Pioneer*, until the latter is in condition to resume her place in the line.—*Oshkosh Courier.*

GEN. L. P. CRARY.—The many friends of our late fellow townsman, Gen. Crary, will regret to learn that he is lying dangerously ill, at his residence in Menasha, of hemorrhage of the lungs.—*Oshkosh Courier.*

La Crosse & Milwaukee Railroad.

OFFICE OF THE LA CROSSE & MILWAUKEE }
RAILROAD COMPANY, No. 19 Nassau Street. }
New York, August 21st, 1857. }

TO THE STOCKHOLDERS:—The extraordinary depreciation in the Wall street price of our stock, is my apology for offering a word of counsel on the subject. The sacrifices submitted to by stockholders are without reason and are not justified by anything in the transactions or condition of the Company. Those who are now submitting to such unreasonable sacrifices, will within a few months, regret their precipitancy, as we have the best reason to believe. The prices at which sales are made in Wall street are no criterion of its intrinsic value, but rather an evidence that the seller is the victim of misstatements, invented and industriously promulgated by the avowed enemies of our road, whose representations ought not to be received as authority without due investigation.

The affairs of the Company are sound and their resources sufficient to meet any engagement, notwithstanding the efforts to prevent it by those whose interest may be advanced by ruining the holders of our stock. The directors feel that they have performed their duty faithfully to the stockholders, and have, at all times labored zealously to protect the interests of the Company, and that there is no just cause for the prevailing panic in regard to the stock of our Company, however much reason there may be for it in regard to others.

But the directors cannot prevent designing men from publishing misstatements, nor prevent others from believing them. If, therefore, damages result from giving too much credence to unfounded reports, the directors ought not to be held accountable.

If stockholders, instead of yielding to the prevailing panic, should stand firm and lend the support to the enterprise which might be justly expected, and to which many of them are pledged, there would be no difficulty in going on rapidly to a successful conclusion, and place in their keeping the best paying stock in the United States.

This will be effected, as we have the strongest reason to believe, notwithstanding the efforts to throw obstructions in the way, for, though a numerous class of stockholders are under the influence of evil reports, yet a large body of them are firm and determined to sustain the work.

It is not my province to give advice to individual stockholders as to the disposal of their stock or management of their private affairs, and it is not my intention to offer such advice.

They have a right to sell their stock at a nominal price, or give it away if they choose—this is no concern of mine and in which I have no right to interfere; but it is my right, and, considering the position in which I am placed, I deem it my duty, to say to the great body of the stockholders, that the sacrifices now made, are unwarranted by anything in the condition of the Company as they will, before long, be well satisfied. Having said this much, and given due warning, the rest must be left to time for its developments and results.

Very respectfully, &c.,
BYRON KILBOURN, President.

FAILURE OF MR. BATES.—The Boston *Advertiser* says of the late failure of Mr. Bates in that city:

"No event in the commercial world could have been more startling and unexpected than was the announcement yesterday of the failure of Edward C. Bates, Esq. Such an event, deemed almost an impossibility, has been brought about, we understand, by no speculative spirit, but by losses in the depreciation of vessels. For 25 years Mr. Bates has labored zealously, reaping as he labored a reward in riches, an unspotted reputation and a legion of influential friends. And now, when he supposed himself to be the possessor of half a million of dollars, he becomes a bankrupt. We feel sure that the whole commercial community will deplore this sudden reversion of fortune, and with a readiness and generosity characteristic of Boston merchants, come forward to assist and cheer Mr. Bates in his fresh endeavors and renewed labors. It should be borne in mind that this failure does not in the slightest degree affect the house of E. C. Bates & Co., so widely known as agents for the Cunard steamers. This house remains perfectly solvent, and its influence as agents can in no wise be impaired by the failure alluded to above. We understand that Mr. Bates's liabilities amount to upward of half a million, and his assets amount nominally to that sum.

ANOTHER WALKER EXPEDITION.—Some parties in this city who have heretofore been conspicuously engaged in Gen. Walker's Central American crusade, significantly assert that preparations are on foot for another grand demonstration at no distant day. A secret plan is said to exist, which contemplates the raising of an army of 10,000 men, all of whom shall embark or set sail about the same time for some port in Nicaragua. Nothing is to be left undone which shall tend to secure efficiency and eventual success. Baltimore is to furnish from three to four hundred as her compliment of the above named army, with full equipments, money, &c. It is further stated that persons fully pledged have already been secured in the city, who are only waiting due notice, and the full consummation of Gen. Walker's plans, to be off. It is known as the "Central American League." Who the parties are attached to this league we are unable to say; or whether they have been absolutely consolidated as rumored, cannot be fully ascertained, except so far as current rumor goes. Such secret fillibustering expeditions are reprehensible, and if the one in question does really exist, its movements will, doubtless, be more fully ascertained in due time. New York, Boston, Philadelphia, New Orleans, and all the other leading cities of the Union, are said to be united in this movement.—*Baltimore Patriot*, Aug. 20.

All Red $5's on the Lee Bank are Counterfeit.

LEE, Mass., Thursday, Aug. 20, 1855.

To the Editor of the New York Daily Times:

In giving a description of the late counterfeit $5 bill on this Bank, in your edition of this morning, you remark that "the bill is a counterfeit of a new issue of the bank, which has not yet got into general circulation," &c. This is a mistake, as the bank has never issued any $5 bills with *red tint*, and, therefore, the counterfeit is totally unlike the genuine in this respect, and also unlike in its vignette and general design. We have no bills in circulation with red tint except a recent issue of Ones and Twos.

FOUND—SUSPICION OF FOUL PLAY.—From a letter from Little Bull Falls, dated the 13th inst., we learn that a carpet bag and some other things were found in the woods in that vicinity, about 80 rods from the highway, on the 12th inst., that awakened suspicions in the minds of the people of that neighborhood, that all was not right. The carpet bag contained some clothing, some lead and powder, and two letters written at Walshville, Illinois. Near it was a blanket.—The letters were written by Hannah M. Clark, and were found in James O. Clark's journal.—James O. Clark left Illinois May, 1856—went to Janesville, then to Milwaukee. The citizens turned out, made search, found indications of somebody having "camped" near where the things were found, but nothing more.—*Wausau Central Wis.*

Old and young are now indiscriminately using Prof. Wood's Hair Restorative; some as a cosmetic or beautifier of the complexion, some to prevent the hair falling, some as a mere dressing of the hair, and others to make it grow and to change gray hair to its original color; and there is no doubt of its answering all the purposes for which it was designed by its illustrious inventor.

We are utterly averse to incurring editorial responsibility in trifling matters, but as we deem it no trifling matter to have the hair on a man's head (when prematurely falling off) actually and permanently restored, so neither do we consider it unworthy the editorial profession to recommend a Hair Restorative that will effect this very thing. Wood's celebrated "Hair Restorative" is the article we have in view, and if the certificates of the most distinguished men in the country are entitled to credence, then is this preparation all that is claimed for it on the part of its proprietor. CITY MATTERS.

The Newhall House Festival.

The NEWHALL HOUSE was duly and splendidly inaugurated on Tuesday evening. Guests began to arrive early in the day and by night-fall nearly three hundred had found comfortable quarters in the new Hotel, while other hundreds had been provided for at the different public houses, or in the private mansions of our city. The elements were auspicious; a cool and star-lit night following a bright and pleasant day. From an early hour of the evening Knoll's North-Western Band, of this city, stationed in the balcony of the Hotel, poured forth inviting and inspiriting strains of music. The company commenced assembling soon after 8 o'clock, and by 9 the Hotel was thronged with guests. The elegant Ball Room of "The Albany," to which access was had by means of a covered way across Michigan Street, was speedily filled, and very shortly the floor was covered with dancers, moving to the witching notes of Dean's North-Western Band, from Chicago. For several hours there was hardly a pause in the dancing and the spacious Ball Room presented a brilliant *coup d' oeil*.

Meanwhile a sumptuous repast had been spread in the large dining hall of the Hotel. The tables were elegantly decorated, and glittered with plate and glass. The taste and skill of the Stewards of the house had been taxed to the utmost to furnish forth the feast, and there was nothing wanting. The variety, the elegance and the excellence of the supper, were alike remarkable. Some of the ornamental work attracted peculiar notice—more particularly the models of the first log tavern in Milwaukee; of the Newhall House, and of the Capitol at Madison. The Supper Room was thrown open at 11 o'clock, and from that time till 3 in the morning was thronged with guests.

Meanwhile, the Ball was kept up, with great spirit, in the Albany; the Halls, Parlors, and Reception Rooms of the Hotel continued crowded, while out in the balconies, or on the side-walk, cosy parties of bachelors enjoyed their cigars. It is estimated that full *twenty-five hundred* people were present during the evening, while many hundreds of spectators thronged Michigan and Main streets, to listen to the music and look at the sights. The entertainment, notwithstanding the crowd, passed off admirably, and was most thoroughly enjoyed by all present.

About 3 o'clock the committee of arrangements, with a few invited guests and Messrs KEAN & RICE, the Landlords, partook of a brief repast together in one of the Private Parlors, where the projectors, proprietors and lessees of the NEWHALL HOUSE were toasted with all the honors, and all sorts of good wishes expressed for their abundant success. A poem, written for the celebration, at the request of the Executive Committee, was read by Judge MCARTHUR and received with great applause. It will be found in our columns. Other ceremonies followed, incident to the occasion, but of which no reliable record was kept. The great majority of the company did not go home till morning, and the dancing was kept up till the stars began to pale before the approach of the God of day.—The Festival was, in all respects, a success, and in numbers, brilliancy, and general enjoyment, far exceeded anything ever seen in this city, and fitly inaugurated the NEWHALL HOUSE.

We were happy to meet and welcome, on this occasion, many of our brethren of the press, from different parts of this State, as well as from Iowa, Illinois and Michigan. Among the invited guests, too, were a large number of our prominent public men; while the Ladies put on their best looks and were prodigal of their brightest smiles, in honor of the day.

The NEWHALL HOUSE, thus brilliantly inaugurated, is now open to the public. We can assure our readers, everywhere, that, in all the requisites for a first-class Hotel, it is not surpassed in the Union, and, that it is under the charge of men, who are not only experienced in their vocation, but who have the ambition, as well as the ability, to keep it in first-rate style. We entertain no doubt of their entire success, and we repeat only the universal sentiment of our city in wishing abundant and enduring prosperity to the NEWHALL HOUSE and Messrs. KEAN & RICE.

MORMONISM, by ELDER HYDE. Published by FETRIDGE & Co., New York.

We have from STRICKLAND & Co. a copy of this new history of Mormonism and its leaders, by JOHN HYDE, who was long one of the elders of that strange sect. It seems to be a faithful narrative, and though there are matters contained in it which are unfit for general reading, yet we do not see how the people of the country are to become acquainted with the character of the Mormon conspiracy, and the foul nature of the blot which *must* be wiped away from our land if we do not desire to meet the fate of Sodom, unless something of the truth be told. We say *something*—for the whole truth would be too much for readers of any decency to bear. No one can read this narrative without a blush of shame that such a bestial crew as these followers of Joe Smith can live and thrive in the nineteenth century.

THE PRISONER OF THE BORDER—A Tale of 1838, by P. HAMILTON MYERS. DERBY & JACKSON, N. Y. publishers.

This is the first work which we remember to have seen, whose incidents, forming its groundwork, are found within the history of the Canada Rebellion of 1838, known as the "Patriot War." The writer is a well known author of several works of fiction, and makes a very good story of this one.

FORD & FAIRBANKS have it for sale.

CAPTAIN MOLLY.—The story of a Brave Woman; by THRACE TALMEN, writer of EDITH HALE; same publishers.

We have also, through Messrs. FORD & FAIRBANKS, a copy of this new and well told story, founded upon the narrative of the gallant behaviour of a woman of the old Revolution, at the battle of Monmouth, who was saluted Captain by General Washington, for her conduct. The tragical death of Miss McCea is also woven into the tale, and there is a sufficiency of fighting and strategy with both British and Indians to make up a book which will help to while away some idle hours, and, hurting nobody, will recall some of the struggles of our revolutionary ancestors, in winning freedom for us.

BANKS DISCREDITED.—Telegraphic advices from New York, yesterday, report "no sale" for the notes of the following Banks:

Rhode Island Central.
Tiverton.
Farmers' Bank, Wickford—all of Rhode Island
Warren County Bank, Pennsylvania.
Bank of Kenawha, Virginia.

Those Banks, it is supposed, are discredited, in consequence of the failure of John Thompson.

THE NEWHALL HOUSE—ARRIVALS YESTERDAY.—The NEWHALL HOUSE was opened for business yesterday morning, and up to 9 o'clock last evening, there had been *one hundred and forty-five* arrivals; a large proportion of the rooms being occupied. We have no doubt that within a week this splendid Hotel, large as it is, will be filled to repletion.

JNO. MCNEIL, PLUMBER.—We invite attention to the advertisement, in to-day's paper, of JNO. MCNEIL, the oldest, and one of the best Plumbers in our city. Parties having need of his services may rest assured that he will do his work faithfully and well.

☞ The Parish School of St. John's Church will commence its sixth term on Monday, August 31st.

FESTIVAL POEM.

WRITTEN AT THE REQUEST OF THE EXECUTIVE COMMITTEE, ON THE OCCASION OF OPENING THE NEWHALL HOUSE, AUGUST 25TH, 1857.

[BY G. W. C.]

In ages past time moved with loitering pace,
And men grew old, scarce taking note of change;
The son, content to fill his father's place,
Had no vain wish in foreign climes to range.

The weekly mail that passed the yeoman's door,
Perchance brought news of battles fought and won;
Yet news so stale, that oft the war was o'er,
Ere men had learned that fighting was begun.

On crooked roads, ill-formed, and deep with mire,
The plodding footman toiled through weary days;
Yet still behind he left the mounted squire,
Or coachman, nodding o'er his long-tailed bays.

They builded houses in the olden time;
But with such slow degrees the work went on,
Each passing age its course of stones and lime
Bestowed upon the pile descending down.

The arts, too, languished, and the buzzing wheel
And pounding loom, usurped the spacious hearth;
Printers were thought to with the devil deal,
And new inventions held as little worth.

But FRANKLIN comes, armed with key and kite,
Unlocks the bars of occult science's stores,
Draws from the skies the swift electric light,
And on the earth its quivering rays he pours.

MORSE gathers these and moulds them in his mind.
And Jove's own lightning on his errands goes;
He speaks to England, and the farthermost Ind
Echoes his language ere his lips may close!

The imbibing kettle to the mind of WATT
Suggests a power that now all nature feels.
Reflective FULTON at the idea caught,
And seas recoil beneath his glancing keels.

The towering horse, once monarch of the plain—
Emblem alike of beauty, strength and speed—
Starts back aghast at the approaching train,
As rushes past the flaming, iron steed.

Cities and towns on either hand arise,
Spindles and wheels in every valley whirl,
The rattling hammer to the saw replies,
And ships in every sea their flags unfurl.

The human face, by photographic art,
A thousand, thousand times is multiplied;
New forms of beauty into being start,
Till marvels puzzle us on every side!

Now do our minds with stirring thoughts elate,
Of present greatness, and of fame to come,
Turn with just pride to our beloved State,
And heartfelt joy to our Milwaukee home!

Scarce thirty years have swelled the flood of time
Since JUNEAU landed from his birch canoe;
The city's first-born has not reached his prime,
Yet what glad scenes meet our enraptured view.

Low, labyrinthine hills, with verdure dressed,
Look down on placid, deep and winding stream;
A rich and varied landscape stretches west—
Eastward, the lake reflects the morning's beams

Bright, yellow buildings line each ample street;
Eight noble bridges span the river's tide;
A spacious harbor holds an eager fleet,
Where, safe from storms, a thousand ships may ride.

Tall, gleaming spires, unnumbered rise around;
Free schools are fostered with parental care;
The tasteful mansion crowns each rising ground;
The poor man's vine-clad cottage nestles near!

Here, close allied, with joined fraternal hands,
In peace, and amity, and plenty blest,
The gathered sons of many foreign lands
Live, love, and labor, weary, worship, rest.—

Teuton and Frank, the Norseman and the Swede,
The fair-haired Saxon and the sturdy Celt,
The canny Scot from far "ayont" the Tweed,
And darker hues from near the "torrid belt."

No rival an [illegible] exist;
Cheerful, each fills his destined place and station,
His pride is, that his future heirs assist
To swell the UNIVERSAL YANKEE NATION!

THE CASE OF THE SEIZURE OF THE BUCKEYE.—The Cleveland Herald, in its comments on the seizure of the propeller Buckeye for alleged violation of the revenue laws, says:

"The Buckeye cleared from Montreal taking the necessary papers. At Ogdensburgh she took on freight and the Captain applied to the Collector for a clearance, but was told none was necessary, as he could enter the freight on the Montreal clearance. At this port the propeller was again reported, and took out a clearance for Chicago, as may be seen by the list of clearances published in the Herald of August 11.

Capt. Rossman therefore acted according to the instructions of the collectors at the different ports. There are three facts worthy of attention in this case: 1st. The international custom house regulations are changed so frequently that it is impossible for a captain to keep pace with them, unless he follows the instructions of the collectors, as was done in this instance. 2d. As the law is explained to us, the penalty of sailing without a clearance is a fine to be collected of the captain, not the seizure and confiscation of the boat as attempted in this case; and 3d, and most important of all—if the boat should be confiscated and sold, the Collector gets half of her value, thus pocketing a few cool thousands. A similar attempt was made on the Northern Transportation Co.'s property at Milwaukee some three years since, resulting only as will be the case in the present instance, in vexatious delays and expenses to proprietors and their being declared innocent of any infringements of the law."

If the various presses on the Lake coast would unite in an effort to procure such a revisal of the customs and laws now in force, as would be simple and easy for navigators, and answer the purpose of compelling reports of cargoes, whose aggregate for each year would give the general government some degree of accuracy in its annual commercial tables, instead of taking the part of every violator of the laws who happens to hail from their own port, the ends of justice would be better served. The collectors of this port have not for three terms been political friends of ours, but we have never known of a case where they have gone to any extremes with vessel captains, no matter what their degree of offence. The former case referred to by the *Herald*, in its last sentence, was one where this identical captain landed railroad iron, subject to duty, without reporting it: and so far from being "declared innocent," he *was* fined $500.

Now as to *this* case.

Capt. Rossman left Montreal, taking thence a clearance to Ogdensburg, took on a cargo there, went to Cleveland and took in more, came to this port, and presented a clearance, of which the following is a copy, as nearly as it can be represented in type:

"PORT OF MONTREAL:

These are to certify all whom it doth concern that A. M. Rossman, master or commander of the Propeller Buckeye, burthen 378 tons, mounted with no guns, navigated with 20 men, American built, and bound for Ogdensburg (this last word erased,—*Ed. Sent.*) Chicago, having on board—TAKEN ON BOARD AFTER CLEARANCE AT MONTREAL—5 TONS CODFISH FOR CHICAGO.

In ballast

Shipped by Crawford & Co., of Ogdensburg for Milwaukee, twenty five tons for Chicago, one hundred tons of new merchandize; shipped by Chamberlain, Crawford & Co., of Cleveland, for Milwaukee, seventy tons pig iron, five tons merchandize, and for Chicago thirty tons of merchandize.

W. B. [SEAL]

hath here entered and cleared his said vessel according to law."

Then follows the attestation of the Montreal Collector.

On the back is endorsed the certificate of this paper having been produced to Mr. Weiss, the Inspector at this port.

The above is the *Montreal* clearance, the words in small caps inserted by the Captain, the words "at Montreal" by somebody else, and the words in italics by the clerk of the propeller.

On this state of facts, we ask the *Herald* to review its statement and comments. And after having done so, we would ask it to say whether any Collector around the lakes, under his oath of office, has any right to receive such a clearance, and pass the vessel along as all right.

The laws are miserable enough, in all conscience, in relation to the manifests of vessels brought from one American port to another, those documents giving in ninety cases out of a hundred no information as to the cargo, but we might as well have no laws at all, as to allow Captains to take papers from foreign ports, and fill them up with their own statements of cargoes taken on at two or three of our own ports. The *Buckeye* presented no Cleveland clearance at all. Our Collector did what he believed to be his duty, and detained the vessel. Bonds were given, and she went on her way, and the case has been referred to the Secretary of the Treasury.

MILWAUKEE, Aug. 26, 1857.

MESSRS. EDITORS—*Sirs:* I see in your paper of yesterday, a charge against me of compelling one of the members of No. 1 to assist in getting my Engine to the fire of Sunday last. It is true I ordered three or four persons to assist me, but that I compelled a member of No. 1 to do so, knowing him to be such, is not true. I hope the members of No. 1 will accept this as my apology.

THOMAS KERR, Foreman of No. 6.

FOR OGDENSBURG AND LAKE PORTS.—The Propeller YOUNG AMERICA, Capt. CHADWICK, will leave to-day at noon. All aboard down the lakes. GRIFFITS & BURSS, are the Agents.

HEALTH DEPENDS UPON PURE BLOOD. Thin and acrid blood cannot secrete healthy bile, and therefore the first thing for those who are dyspeptic should be to commence the purification of their blood.

BRANDRETH'S PILLS

not only purify, but they make the blood richer, and add those principles upon which its power to resist disease depends.

MILD OPERATION WITH SUCCESSFUL EFFECT, ARE THE PECULIARITY OF BRANDRETH'S PILLS. Now that we may soon expect genial spring, it is of great importance that a few doses be used by the wise. Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use, we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the fine organs of the stomach and bowels. They soon cure liver complaint, dyspepsia, loss of appetite, pain in the head, heart-burn, pain in the breast bone, sudden faintness and costiveness. In brief, Brandreth's Pills work their way to the very roots of the disease, cleansing in their passage, removing every unhealthy accumulation, till the blood is purified, the whole system renovated, and the functions and duties of life become a pleasure, where before they had been sad and weary burdens.

We have thousands of similar testimonials to the following, and such evidence can be had from living witnesses all around us on every side. It is from a gentleman of high respectability, whose letter can be seen at the Principal office; he writes:

"I am now fifty-two years of age. * * *
For twenty years I have used your Pills as my family medicine, and I wish no other! and I have never had occasion to call a physician in my family (save in the sickness of my wife with children) during the twenty years."

TRUE MEDICINAL PRINCIPLES.

Never extract blood. Blood is the life. By abstracting it in painful diseases you may occasion the patient ease, *but remember this ease is only the reduction or lessening the power to feel.* And by thus taking away nature's tools, you may prevent her from fully repairing the ravages of inflamation, and convert what might only have been the sickness of a few days or weeks into a chronic affection of months or years.

PURGING BY MEANS OF BRANDRETH'S PILLS,

This is the means which accords with nature—nature's remedy in fact. When sudden, acute or continued pain occurs, then to insure security you must take a medicine that will surely purge. There must be no shilly-shallying because every minute lost may be fatal.

LATEST NEWS!

BY MAGNETIC TELEGRAPH.

Arrival of the America at Halifax—Failure of the Atlantic Telegraph.

HALIFAX, Aug. 26.—3 P. M.

The steamship America, Capt. Long, from Liverpool on Saturday, the 15th inst., arrived at this port at an early hour this morning. The news is of the highest importance.

The Atlantic telegraph is, we regret to say, for the present, a failure. On the morning of the 11th inst., when 335 miles west from the Irish coast, the cable broke, and the vessels were returning to England with the remainder of the cable, still over 2000 miles in length, and perhaps sufficient to unite the two continents. The Directors were sanguine of ultimate success. A conference was to be held in London on the 15th inst., for the purpose of determining whether to go on again running with the balance of the cable, or wait until another summer.

The Indian mail had arrived with intelligence of great moment. Contrary to general expectation in England, Delhi had not fallen up to the 29th of June. At the dates of the latest advices further mutinies had occurred among the native troops.

There is nothing of importance from China.

LIVERPOOL MARKET.—Breadstuffs exhibited an upward tendency, the weather having been unfavorable for the crops. All qualities of wheat and flour had slightly advanced. White corn was dull and slightly lower. Liverpool provision market was generally quiet. Sugar had declined considerably.

Consols closed at 91½.

More Failures.

NEW YORK Aug. 26—3 P. M.

Messrs. Benedict & Co., and Fisher & Co., stock brokers, failed. The notes of the following banks are refused by the bankers. The Kanawha Bank, Va., Farmers Bank of Wyckford, R. I., Tiverton Bank, R. I.; Rhode Island Central Bank, Farmers Bank, Saratoga; New York, Wooster Bank, Conn., Warren Co. Bank, Pa., and the Hancock Bank, Maine. The reported failure of a Bank in Hertford Conn., is untrue.

CLEVELAND, Aug. 26—3 P. M.

The National Emancipation Convention met yesterday P. M. organized temporarily. Elliott, of Indiana, was Chairman, and Dennison, of Buffalo, Sec'y. After arranging for appointment of Committees, adjourned till this morning. Attendance not large.

HARTFORD, Aug. 26—3 P. M.

The public may rest assured that every Hartford bank is perfectly sound, all rumors to the contrary, notwithstanding. The stock of every one of the banks is above par, to-day.

BOSTON, Aug. 26—3 P. M.

The steamship *Canada* sailed about noon today, with 49 passengers for Liverpool and 12 for Halifax and $460,000 in specie.

Further by the America.

HALIFAX, Aug. 26.—9 P. M.

The America arrived at 1.30 A. M.; passed the Persia outward bound, on the 23d. The North America from Quebec, arrived out on the 12th.

THE ATLANTIC CABLE.—The British steamer Cyclops, had returned to Valentia with Mr. Field on board. That gentleman immediately repaired to London to confer with the Directors, and telegraphed on Saturday as follows: "Her Majesty's steamer Leopard arrived at Portsmouth on Friday evening, and reports that the Atlantic cable was lost at ¼ before 4 o'clock on Tuesday morning, the 11th inst., after having paid out successfully 335 nautical miles of it; 100 miles of it was laid in water over two miles in depth, and the greater part of this while going at the rate of rather more than 5 miles per hour. At that time there was a heavy swell, and the Niagara was going at the rate of 4 knots per hour, and as the engineer found that the cable was running out in too great a proportion to the speed of the ship, he considered it necessary to direct the breaks to be applied more firmly, when the cable parted some distance from the ship. The Agamemnon, Niagara, and Susquehanna will remain a short time where the cable parted, to try some experiments in the deep water, in that part of the Atlantic, which it is considered will be of great value to the telegraph company, and then are to go to Plymouth. The experience now obtained must be of great value to the company, and it is understood that the Directors will decide whether to have more cable made and try again immediately after the equinoctial gales, or wait till another summer. The impression prevails at Liverpool that another trial will take place in October.

In House of Commons the Chancellor of Exchequer had obtained leave to bring a bill for continuing for two years, from April next, the duty on tea and sugar.

The Lords despatched Indian affairs on Friday night without important developments.

The liabilities of Carr & Co., of New Castle, are £700,000, and their assets promise 20s on the pound.

Dennis Donahue has been appointed British Consul at Buffalo.

Rumor says it is declared at Osborne that in case Lord Elgin and Baron Gros are unsuccessful in their mission to China, a more decided action in common will be adopted by England and France.

Twelve ships, carrying about 27,000 men, have been dispatched to India.

The India mails arrived at Trieste on the 12th, with Bombay dates of July 14th, and Calcutta of July 5th.

Delhi had not fallen up to the 27th June.

The rebels had made several sorties, but each time were repulsed with great slaughter. The city was reported full of sick and wounded, and the cholera prevailed. Reinforcements continued reaching the British Camp.

Further mutinies in several districts are reported.

The Bombay and Madras districts remained loyal.

Punjaub continued quiet.

At Sirsa, Gen. Van Cortland had attacked and completely routed the insurgents, inflicting heavy loss.

Gen. Woodbush's column had completely quashed the rebellion at Arrungabad.

Intelligence had been received of a mustering of troops at Mosandabad, Syrabad, Setopore, Saugor, Nogwong, Pullinghus, Inbo and Indori.

Liverpool Market.

Breadstuffs—Rich S. & Co. report that owing to heavy rains, and generally unfavorable crop weather, flour had advanced 6d, and wheat 2a3d, the latter chiefly on the finer qualities.

Corn—dull and all qualities slightly lower; the following are the quotations:

Flour—western canal 30s 6da31s; Ohio 32s 6d.
Wheat—red 8s 1da8s 9d; white 9s 3da10s.
Corn—mixed and yellow 32s 6da37s; white 35s 6d.

Latest, Saturday, 3 P. M.—R. S. & Co. report breadstuffs buoyant to-day owing to the reported floods in the country.

Liverpool provision market—R. S. & Co., Bigland, Athaya & Co., Jas. McHenry, and others, report beef quiet; pork dull; lard firm but quiet at 71s.

London Markets.

Messrs. Barnes Bros. & Co. report wheat closing with an adverse tendency; white 55a63s; red 55a58s. Flour quiet at 28a31s.

Baring Bros. & Co. quote money market generally unchanged, but with rather less demand.—The Indian news is construed favorably. The East India Co. has raised its rates for bills to 2s 1d on Bengal and Madras, and 2s 1½d on Bombay. The bullion in the Bank of England had decreased 18,000 pounds. Consols for money closing on Friday at 90⅞a90⅞ and for account 90⅞a91.

Latest, London, Saturday noon—Consols for money 91½. The Times reports more buoyancy on the Stock Exchange than has been known for many weeks past.

ST. LOUIS, Aug. 26—9 P. M.

The Santa Fe mail has arrived. News unimportant. The contest between the candidates for Congress, was violent and exciting. The mail party met Col. Sumner at Fort Atchison, on route to Bent's Fort. A few days previous Sumner attacked four hundred Cheyennes, routing them, killing 9, destroying property, and taking animals.

Gov. Robinson of Kansas, has been acquitted.

BOSTON, Aug. 26.—9 P. M.

The rumored bank failures, caused some talking to day, though but little credence is given the report. Hancock Bank, at Ellsworth, Me., is in good standing, and its bills are prompty redeemed.

The Tiverton Bank, and Rhode Island Central, do not redeem their bills.

At the auction sale by Stephen & Sons, to-day, shares of the Boston bank offered, brought from 16 to 17 per cent advance, and other securities an equal improvement.

NEW YORK, Aug. 26.—9 P. M.

The steamer Falcon has arrived from Rio Janeiro. A schooner from Maranham, brings a report that the British consul at Pernambuco, had been assassinated.

National Emancipation Convention.

CLEVELAND, Aug. 26—9 P. M.

SECOND DAY—Delegates present from nearly all the Free States, Missouri and Kansas. Rev. Mark Hopkins D. D., of Mass., President. Rev. John Rankin, of Ohio, Hon. J. B. Wins, of N. Y., Rev. Mr. Monroe, of Michigan, J. A. Cody, of Kansas, Zimri Lewis, of Ill., Alfred Bandy, of Ind., Vice Presidents. Dr. J. B Elliott, of Ind., Rev. C. W. Denison, of N. Y., J. F. Keeler, of Ohio, Secretaries. Letters, approving the objects of the Convention, were read from Rev. Dr. Mott, President of Union College, N. Y., Prof. B. Silliman, of Yale College, Rev. Dr. Cooley, of Granville, Mass., Hon. H. E. Fairbanks, ex-Gov. of Vermont and many others. Business Committee, E. Burritt, of Conn., Rev. C. W. Denison, N. Y., W. C. Monroe, of Michigan, E. B. Stinson, of Missouri, J. B. Williams of N. Y., J. F. Keeler, of Ohio, Hon. J. A. Foote, Hon. Dr. Carter, Rev. Dr. Aikon, Rev. Pres. Hopkins, Hon. Gerritt Smith.

The objects of the Convention were briefly stated by E. Burritt, the Rev. Mr. Denison and others. The attendance was numerous and the interest is increasing. Resolutions were introduced and spoken for by Messrs. Burritt, Smith, Denison and others. Plans of emancipation and compensation were introduced by the business committee, and they are now under discussion. The two leading ideas are appropriation of the public lands and the custom's revenue, beyond the necessary expenses of the Government, for the purpose of compensation. Other ideas introduced will be debated by the body.

CINCINNATI, Aug. 26—9 P. M.

Banking matters comparatively quiet; to-day the Third street is quite as crowded as yesterday. None of the State Banks are discredited, yet.—Bankers have agreed not to sort or return the notes of country banks for thirty days.

No run on any house, either yesterday or today. Kanawha fifty cents discount.

NEW YORK, Aug. 26—9 P. M.

An extra from a bank note reporter, gives the following additional names of banks whose notes have been refused:—Arcade Bank, Providence Bank of Middletown, Pa., Farmers & Drovers Bank, Waynesburg, Pa., Honesdale Bank, Pa., North American Bank, Seymour, Conn., Ontario Bank, Fort Plain Bank. We telegraph them as reported, without vouching for their accuracy.

Explosion of Dupont's Powder Mill at Wilmington, Pa.

WILMINGTON, SUNDAY, Aug, 23,

A terrible explosion occurred here on Saturday. Alexis L. Dupont, assisted by seven workmen, was removing a large and heavy box from a building which had been used since 1812 as a powder-house. The box coming in contact with the wall caused friction producing fire, and an explosion followed, burning all hands in a shocking manner. Mr. Dupont leaped into a race near by, and the others made every effort to extinguish the fire on their clothes.

Mr. Dupont having succeeded in extinguishing the fire on his clothes, hastened to see if the press room had caught fire. As he approached a terrible explosion took place, shattering the building to atoms. By the flying fragments Mr. Dupont had his right thigh fractured, three of his ribs broken and one of his lungs perforated. He was found among the ruins, and when taken up gave directions to persons present to hasten and extinguish the flames.

To-day (Sunday), at 5 o'clock, Mr. Dupont, Anthony Dougherty and Edward Hurst, the foreman of the mill, were dead.

Louis Vashe was mortally wounded, and John McClafferty and George Fisher were injured, but not fatally. The others escaped unhurt.

MARRIED.

Aug 25th, at St. John's Church, by Rev. D. Keene, Mr. HENRY M. KAVANAUGH and Miss S. M. PHELPS, youngest daughter of Geo. D. Phelps, of this city.

LARGEST CARGO EVER TAKEN INTO BUFFALO.—The Buffalo Advertiser says that the propeller Globe, Capt. Pratt, arrived on the 23d from Chicago and Detroit. She had the largest cargo ever brought to this port, amounting to 960 tons. Part consisted of 255 tons copper on London account.

SCHR. H. N. GATES ASHORE.—Capt. Flood, of the steamer Cleveland informs us that the schooner H. N. Gates went ashore at Two Rivers on Friday afternoon last, during the hurricane that swept over that portion of the lake shore. She was tied up at the piers, light, but parted her lines and was driven out and then ashore. She is about two and a half feet on. The Gates is owned by Mr. G. F. Grey of this city. She is not insured. Her worth is estimated at $4,500.

SCHR. PILOT ASHORE.—On Friday afternoon last, during the gale, the schooner Pilot, bound down light, was driven ashore at Manitowoc, where she is on about three feet. She is owned by Capt. Cooney, is worth about $1,600, and is said to be insured in the Northwestern.

☞ The schooner Emen, of Oswego, on her way to Grand Haven with a full cargo of salt, sprung a leak somewhere [illegible] Point au Pelee. By a vigorous working of her pumps she was enabled to reach this port where she discharged part of her cargo, and the leak will be repaired without further difficulty.

OFF.—The brig Mechanic, reported aground at Bois Blanc, was got off by the tug Lion, with the assistance of the scow Foam as a lighter. No material damage sustained.

Madison, July 6, 1857.

Republican Assembly District Meetings.

The Republicans of the following districts in Milwaukee County, are invited to meet at the time and places following, to appoint two delegates in each district to represent them in the Republican State Convention to be held at Madison on the 2d day of September next.

1st and 7th wards at the Court House on Friday, Aug. 28th, at 8 P. M.
2d Ward at the Mansion House same time.
3d " " Louis House "
4th " " Menomonee Hotel same time.
5th and 8th at the Niagara Hotel "
6th and 9th Wards at Rummele's Hall, same time.
Milwaukee and Granville at Good Hope, Saturday, Aug. 29th, 3 P. M.
Wauwatosa and Greenfield at the Honey Creek School House, same date, 3 P. M.
Lake, Oak Creek and Franklin, at Oak Creek to date, 3 P. M.

The above Districts are each earnestly requested to appoint a permanent Committee for all future action, and report the names of the same, together with the proceedings of each Convention at this office without delay.

By order of the Ex-Committee of the Young Men's Fremont Club.

P. S.—If any prior call has been issued outside of the city, then this is not to interfere with the same; otherwise to remain in full force.

The Coming State Fair.

The preparations for the next State Fair, to be held at Janesville, are going on apace, and it promises to be one of the best exhibitions held in the State, if not the very best.

Arrangements have been been made with some of the railroad companies to carry articles and animals *free*, to and from the Fair, and it is thought that all of the roads will come into these arrangements.

Besides the usual exhibition of stock and articles, there are to be various other attractions, such as Firemen's Tournament, a Trial of Trotting Horses, an Equestrian Exhibition, &c., &c.

THE HARMONIOUS DEMOCRACY.—The Democracy of Waukesha County have just concluded another amusing farce in the way of a reconciliation, which was to have taken place on the appointment of delegates to the State Convention. The upshot was that the shrewd managers for the "Forty" cheated the Anties, and secured nearly all the delegates. The *Republican* says:

> So far as we can ascertain, the attempted pacification was a flat failure, and the prospect of the two factions hanging up their battered arms as monuments, folding their banners lovingly together and mingling in sweet perfume the fragrance of the red and white roses, is considerably mixed.

MATTERS AT PRAIRIE DU CHIEN.—The last number of the *Leader* contains a capital poem by our old friend ROBERT SHIELDS, which we would be glad to transfer to our columns, if it were not too long.

The same paper chronicles a race between the steamers *Ocean Wave* and *Golden Era*, resulting in the triumph of the former, and a fight between the crews at the levee at Prairie du Chien.

The M. & M. R. R. Co. have laid a track to the quarries in the bluff, whence the stone for the new Capitol, at Madison, is taken.

Mr. Rice, of Minnesota, who owns a large property at the Prairie, has offered lots *gratis* to those who will build on them at once, and contracts were taken for eight or more.

A Mr. CHUTE offers 10 lots on the same terms.

NIAGARA SHIP CANAL.—A fresh move is to be made on the subject of constructing a Ship Canal around Niagara Falls on the American side. The Commissioners named in the act incorporating the Niagara Ship Canal, Messrs. Simeon Draper, of New York, Calvin Hotchkiss and James Van Clive, of Lewiston, and John Fisk, of Niagara City, were to meet on Wednesday, at the Monteagle House, for the purpose of re-opening the books for subscription to the capital stock of said Canal. The Directors were also to meet at the same time and place, to organize under the act.

☞ The President has by proclamation declared the Treaty of Friendship and Commerce between the United States and Persia, of binding force. In addition to the Ambassador or Diplomatic Agent near each Government, it provides for Persian Consuls at Washington, New York, and New Orleans, and U. S. Consuls at Teheran, Bender, Bushire, and Tauris. The treaty is to continue in force ten years.

SPEEDY POSTAL COMMUNICATION.—The Baltimore *American* says:—A mercantile friend received by steamer Columbia, which arrived at New York on Monday, an answer to a letter written to Messina only thirty-eight days before. The number of miles travelled to accomplish this result, is computed to have been not far from 10,000 miles. Such an instance of despatch speaks well for the efficiency of the postal arrangements in Europe, and furnished another illustration of the advantages of steam communication.

THE POPULATION OF PRUSSIA.—The statistical tables of the population of the Prussian monarchy down to the end of the year 1855 have been published. They give the amount of the civil inhabitants of all ages as 16,991,100, including the Hohenzollern Principalities; and the military, including wives, children, servants, invalids, and persons of all kinds and descriptions immediately connected with the army, at 211,731; or a total of 17,202,831 souls. Of the civilians, 4,760,728 inhabit towns, and 12,230,372 the rural hamlets and districts.

☞ The Monroe *Commercial* states that the last rail on the Detroit and Toledo Road was to be laid to-day noon, thus completing direct communication with Toledo. It will probably require a week or t o to ballast up the road and put it in complete running order; but from about the first of September, regular trains will be run between Detroit and Toledo.

THE WASHINGTON MASONIC BIBLE.—The Washington *Star* says:

> The newspaper paragraph now being published, saying the Bible on which Washington was initiated to be a Mason is now in England, is a mistake. He was initiated in the Fredericksburg (Va.) Lodge, No. 4, wherein he received the first three degrees, and was its master. The Bible still used in that Lodge is the one used at Washington's initiation. At the laying of the corner-stone of the Washington Monument in Richmond, during the Presidency of Taylor, that Bible was borne in the Masonic portion of the procession, and its history was alluded to by Robert G. Scott in his oration delivered on the occasion.

GRAPE CULTURE IN DANE CO.—We learn from the *Staats Zeitung*, of this city, that three German farmers, near the Wisconsin river, in this county, have planted vineyards to the extent of some five acres. The vines are doing admirably, and they purpose entering upon the culture of the grape quite extensively.

The bluffs along the Wisconsin seem well adapted for the purpose, and we may have vineyards and native wine, in Dane County, within a few years. We are glad to learn that the experiment is being made in earnest.—*Madison Journal.*

For the Sentinel.

Our State Superintendent.

Who shall he be? or what shall he be? It seems that this question is already agitated.—And if there is to be a fight over this question, I have a stroke or two to give. Whoever our Superintendent may be, he should *not* be chosen because he belongs to this or that stripe of politics. To throw up such a question as a football for politicians, degrades the office; it degrades the school system of our State, and will end in a real degradation of our schools and children also.

Already we are suffering from its effects.—About two years since, I was present by invitation, at one of our country Teachers, Institutes, to lecture and give such other aid as might be given. The question of the State Superintendent was introduced, and a resolution in favor of a school room presented. One politician present, took fire. He contended that any endorsement of any man would strengthen the ticket, that bore his name. And the resolution failed to pass. But it called out a special personal friend of our present Superintendent. Though a friend, in private, in politics and in religious opinion, he could not vote for him. The very fact that he was a real friend to the man forbade it. He knew his deficiencies in energy, in business habits of order, promptness and accuracy. As a friend he did not wish to expose him in a place where his deficiencies would be before the whole community. But party elected him.

Now list to the tale. I write not from any other thought but for the sake of illustration. The Superintendent's office at Madison closed much of the time; the Town Superintendents complaining of business neglected or delayed, and questions of a grave character started. Every town is suffering. Go into our new Union School House. The grade for seats recommended by the State Superintendent was adopted, by the district Board, for the rooms. The relation of a back seat to the next front one is such that the scholars might as well be sitting around a great platter of knowledge, upon the floor, so far as convenience and comfort are concerned. This is but a minor evil; but these are multiplied through the State. Yet, I must say, that our present Superintendent will do much better than his friends expected if he gets through his office without defalcation, and this not from moral but from business deficiency.

Having the fear of such men as Barnard, Philbrick, Horace Mann, and Sears, real educators, before my eyes, I hesitate not to say that we have had no worthy Superintendent given us, as yet, by political parties.

I see the name of one presented who has some claims to fitness for such an office. A better man may be found; if so, bring him forth and let him rest upon his fitness for that office, not upon any relation to the "negroes" or the "thieves!" What have these to do with a good school system in our State?

The name to which I refer is that of Mr. McMYNN, of Racine. He has some right antecedents. In his early history, in his College career, he was known as an energetic student and a thorough scholar. I have seen his schools. They are model schools; they are as thoroughly and efficiently trained, as the best Philadelphia or Boston schools. Whatever he has touched he has perfected and adorned. He has a business talent, also.

But I am not writing for any particular candidate; it is a good man for the place, not a good place for a man, that we need. A nomination by Teacher's Institutes may have its objections. Yet such a nomination would ensure a far better man than that of a political caucus.

O. W. COOLEY.

Newport, August 21st, 1857.

"ONLY THREE NIGHTS MORE!"—Has been the cry of the Milwaukee papers for the past three weeks, when speaking of some sort of an exhibition in that city. Now, we don't care a copper continental whether the thing stays there three minutes or forever; but when it is advertised to go away at such a time, it should *go!* "For three nights only," was the first announcement, and we thought nothing of it. "For three nights more," came next—concluded the man hadn't made enough to cover expenses. "For only three nights more," was next published—begun to get nervous. "Consented to remain three nights longer" was publicly given—became disgusted. "Prevailed upon to stay three nights more," stared us in the face—got somewhat "riled." "Positively the three last nights," is the last announcement—positively mad. Now if the thing don't leave the city when these "three nights" are up, we sincerely hope that the people will make an orphan of the owner—that is, fix him so that he shall have no *pa-nor-ama.—West Bend Democrat.*

The thing has gone; but if our *Democrat* ic friend had seen it once, he would have cried as lustily for "three nights more," as the children used to cry for Sherman's lozenges.

DELUSION.—A woman named ANNA MEISTER, a German, has been arrested in Philadelphia for swindling. She pretended to be the sister of the Saviour, and, finding plenty of credulous followers among the German women, induced them to give her a great deal of their property. The *Gazette* says:

> Anna Meister preached in her own language. The effects of it in the families of her followers were often distressing. The women who were deceived by her had to deceive their husbands, in order to get money to satisfy her importunate demands. Some families were reduced to poverty, and in all there was a certain amount of the credulity of a wife or daughter. It is said that separations of man and wife, and parent and child were caused by the delusion, while some of the victims have been brought to a condition little short of insanity. There are some who still persist in believing all that she says, and now that she has been delivered from the hands of justice, they will probably ascribe it to a miraculous agency, and rally round her more devotedly than ever.
>
> When an ignorant and unlettered woman like Anna Meister, in an enlightened and wealthy city of 600,000 inhabitants like Philadelphia, where schools and churches abound, can gather round her a congregation of disciples, it is not surprising that an imposture like Mormonism should succeed.

HOFFMAN IN A LUNATIC ASYLUM.—The Philadelphia *Ledger* says:

> Every visitor of intelligence who enters the Harrisburgh Asylum, calls to see Charles Fenno Hoffman, the poet. He receives them all with a hearty greeting, will ask them to sup and drink with him, and when they leave invite them to "call often." After sitting in his cell and indulging in a pleasant chat—no, not pleasant, for the feeling of his condition forbids this—he will order at several times some of his fellows to fetch wine and glasses. They just stare at him, and he seems to forget it, until suddenly the order is repeated again and forgotten. He generally labors under the idea that his place of confinement is a garrison, of which he is the commander, and is only prevented from enjoying the outside by advice of his physicians. He will frequently endeavor to prevail on the Superintendent to grant him liberty to roam through the country for a while, and when this is refused, he will submit quietly. Hoffman wears a cocked hat continually, and walks with a cane. His appearance bears the mark of eccentricity and genius, but the former may not have been the case before his insanity. His voice is clear and commanding, but still cheerful.

☞ VILLAGE OF GREENBUSH.—We are pleased to learn that this pleasantly located village is going ahead. There is now being erected there a new Steam Flouring Mill with two run of stones, and a large School House, which is to have an Academic department. Greenbush is situated in the midst of as fine an agricultural region as there is in the State, and being near the Sheboygan & Mississippi R. Road and on the Sheboygan & Fond du Lac Plank Road, it is easily accessible and has a ready means of getting off the surplus products which will naturally accumulate there. Her citizens are noted for their intelligence, morality and industry, and which, combined, will insure the prosperity of any village or city.—*Sheboygan Journal.*

BODY FOUND.—Sometime since we gave an account of the disappearance of a child, at Scoquet, which was supposed to have been carried off by Indians. It afterwards appeared that our report contained some inaccuracies, though it was true in the main points. We learn that the body of the child was discovered a short time since under a log in the forest, but the finding of the remains does not lift the curtain of mystery which shrouds its fate, nor can any theory be formed in reference to it, which appears at all satisfactory.

Only the skeleton was left, but the body was recognized by the dress.—*Manitowoc Tribune.*

Correspondence of the Sentinel.

Wayland University—Beaver Dam.

BEAVER DAM, Aug. 24, 1857.

Messrs. Editors:—Some readers of the *Sentinel* will be glad to learn that the new college edifice of Wayland University is to be in readiness for occupancy at the opening of the next Academic year, Sept. 10th. The building is 116 feet in length, is in the form of a cross, with a central part 54 feet, and two wings, each 48 feet in width, and three stories high, besides the basement. The south half of the building is now nearly completed, and will furnish recitation rooms, study rooms, and dormitories for students, and room for library, &c., at once commodious and attractive. The whole exterior of the building is of genuine Milwaukee brick. Four massive pillars, fluted and mounted by well executed Corinthian Capitals, from the shop of Mr. Gormly, of your City, give the College edifice of Wayland University a chaste and elegant appearance, equaling if not surpassing any other buildings in the State erected for educational purposes. The College site is a gentle eminence, overlooking the town and embracing twenty full acres of good land, at a very convenient distance from the business part of the town and from the R. R. depot.

The institution has been in successful operation for two years. The next year, opening on on Thursday, Sept. 10th, will find the University in condition to furnish much more ample facilities for instruction than heretofore. Three professors, ripe in scholarship, experienced and successful in teaching, will be employed. The College Library has lately been increased by the addition of several hundred volumes of valuable books, and others are expected soon.

With these increased attractions, the corporation anticipate a proportionate increase of students. There will be two regularly organized College classes, viz.: Freshmen and Sophomore.

The citizens of Beaver Dam have evinced a spirit of appreciation and generosity in the matter of this University that will reflect enduring honor on themselves. The ample College site was mostly an out and out donation by Abraham Ackerman. The sum of $10,000 has been subscribed toward the College edifice, and, notwithstanding the unusual stringency in money matters, has been nearly all paid. When completed, the building will cost $20,000. Yours Truly,

H. J. P.

District School Exhibition—West Point, Columbia Co.

The second Exhibition of District School No. 5, West Point, Columbia County, was held in the school house on the 11th inst. The pupils, who have been under the instruction of Mrs. Scott, acquitted themselves in a very creditable manner. The way in which progress is made in Wisconsin may be judged by the condition of the District named. A little over two years ago, there were but three families in the district and but four or five children; there are now over forty district scholars and about twenty families in the district. The district includes about three and a half sections of land, and nearly the whole is now under improvement. The crops this year are of the finest character, and the farmers, rejoicing in their prosperity, have not neglected to attend to the education of their children.—The school house, which is a frame building, was erected eighteen moths since at a cost of something like $450. Up to this time there has been no religious service held in the school house, although many of the citizens would be glad to receive a minister occasionally. West Point is fast rising in importance; the richness of the soil, the beauty of the country, and the intelligence of the farmers, all tend to secure future prosperity and wealth. Three or four years since, lands could be bought at $4 and $5 per acre; now the improved farms would sell readily at $25 and $30 per acre. This is a fair illustration of the manner in which progress is made in Wisconsin.

M.

SCIENTIFIC DIVERSIONS.—The American Scientific Association, in session at Montreal, has had under consideration the subject of photographic counterfeits.

One Mr. Rosevelt expressed himself in this wise:

> Mr. Rosevelt protested against all banks together as unconstitutional in the United States, and a nuisance which ought to presented by every grand jury in New York State. Paper money was the best means ever invented by the rich man to have his field irrigated by the poor man's sweat. The taking of usury and increase was stated in the Bible to be the abhorrence of the Lord; yet it was daily practised. In allusion to something said by Professor Sillman, he remarked that it seemed unsafe to make certain chemical secrets public; but for his part he thought no man who issued bank paper could complain of the dishonesty of the man who forged it.

RAILROAD EXCITEMENT AT BARABOO.—The people of Baraboo and adjoining towns are quite active in relation to the proposal, by the Madison, Fond du Lac, & Michigan Railroad Company, to extend their road, which will be completed from Beaver Dam to Fall River by the 1st of October, to the former point, on condition that $200,000 be raised to assist in the undertaking.

The Baraboo *Republic* sets forth some of the advantages of the project as follows:

> The road from Madison to Portage now under contract, will afford, by its junction with this road, access from Beaver Dam to Madison, as well as from this place to the latter city, thus making sure, at the start, of no small business on the eastern part of its route, by its connection with the State Capital.
>
> As compared with the late proposed road to Portage, it puts us precisely as near Milwaukee, and at least fifteen miles nearer Madison, with all the certainty of making regular and speedy connections that articles of agreement already executed between the aforesaid companies can give.
>
> The extremely bad stage route over the Bluffs will be avoided, and the journey to Madison, which now occupies a day, will be made in a little over an hour. The value of a road to Baraboo would be worth more than to almost any other village, on account of so few ever seeing its advantages unless traveling with the express purpose of visiting the place. The town will probably be called upon in a few weeks to vote whether to issue their bonds to the amount of $150,000 or $200,000 to this company, when if they fail to vote in favor of it, they will deserve to be fenced in with a wall as high as ancient Babylon, and unprovided with means either of ingress or of exit.

A railroad meeting was held at Merrimac last week. Mr. S. C. Roby acted as President, and J. M. Haines, Esq., as Secretary. It was addressed by B. F. Wells and O. K. Cole, directors of the Railroad, followed by J. F. Flanders of Baraboo, Mr. Ware, the Company's Engineer, W. D. Flanders, Esq., M. G. Tord, J. G. Train, Esq., and Mr. Hill, of West Point.

On motion of W. P. Flanders, it was voted unanimously to raise in the town and vicinity $100,000 to assist in building the road. A committee of five was appointed to correspond with the directors of the company, and to carry out the views of the meeting, which were J. G. Train, L. Hodsden, N. First, M. Bradley, S. C. Roby.—*Madison Journal.*

SPAIN.—The Paris correspondent of the *Times*, in a letter on the Spanish Mexican question, says that from 40,000 to 50,000 Americans were ready to march into the Mexican territory as auxiliaries against the Spaniards. If any difficulty on the score of nationality had been raised, they would have assumed the Mexican flag and enrolled themselves as Mexican citizens or soldeirs. The Mexican government seem to have no objection to a war with Spain.

The same letter says the Spanish government goes on with its military preparations as if no mediation had been accepted. The effective strength of the army is expected soon to be 120,000 men; and there was a rumor in Madrid that the Royal Guard, disembodied under the regency of Espartero, would soon be re-established.

Writing on the 5th, the same correspondent says: It is said in official quarters, that, contrary to all expectations, the arrangement of all the difficulties existing between the Spanish and Mexican governments has again been suspended, in consequence of accounts received from Mexico by the last mail. I give the rumor without guaranteeing its accuracy.

MARBLE QUARRY IN MANITOWOC COUNTY.—Mr. T. W. Baker has laid on our table a specimen of White Marble taken from a quarry at Baker's Mills, a few miles from this village. It is capable of receiving a fine polish, but has some quartz mixed with it.

The quarry is to be worked, and the marble will doubtless be used in the construction of some of the fine buildings which are projected, and will soon be in progress of erection. The specimen can be seen at our office.—*Tribune.*

Minnesota Seal and Coat of Arms.

We have been shown the device of the Seal and coat of Arms adopted by the Republican Convention for our future State, which is beautiful, suggestive and every way appropriate, reflective great credit upon the good taste of the committee on Seal &c., Messrs. Low and Billings. It is thus described: It represents a waterfall—supposed to be that of Minneha-ha—within a shield, symbolizing the abundant and varied water power and privilege of the State. An Indian figure with his face toward the setting sun, and tomahawk and arrows at his feet. Opposite is the figure of a white man with a sheaf of wheat and agricultural implements.—The Indian is represented as asking of the white man whither he shall go, and the white man pointing to the implements, as if he would direct him in the habits of civilized life. In one corner, a distant view of Lake Superior and a sail; in the other, the Minnesota river and a steamer. The three pine regions of the St. Croix, Mississippi and Lake Superior are represented by three pine trees. The motto to accompany the words, 'State of Minnesota, A. D, 1857,' is in these words: "Liberty and Union."—*St. Paul Times.*

If we have not assigned the correct reason for what is transpiring, why is it that Kansas is allowed to be quiet until just before elections in States where Black Republicanism hopes for success!—[*Union.*

Who begins "the muss?" The Free State men didn't ask Walker's dragoons to besiege Lawrence, nor had they given him any excuse for doing so. When he entered the territory, every thing was "quiet." They applauded and approved of his speech at Topeka. They accepted his pledge of a full and fair vote in October, and promised to try conclusions peaceably with the pro-slavery party in October. They were going forward, quietly, to prepare for the contest. They knew that a full vote would be a Free State victory, and they had no motive, if they had the disposition, to disturb the "quiet" which prevailed.

But neither Walker, nor Cato, nor Atchinson, would permit this "quiet" to continue—not, however, because elections were approaching "in States where Black Republicanism hoped for success;" but because the Democracy discovered that the only decent thing Walker had done since he made his appearance in Kansas, jeoparded Democratic ascendency in the Southern States. *That* was the secret of the investment of Lawrence—of the infamous Apportionment—of the disfranchisement of thousands whom Walker had declared, with almost the solemnity of an oath, should be allowed to vote—of Judge Cato's decision that the payment of taxes was an indispensable preliminary to the exercise of the franchise—of Atchison's new appeal to the Blue Lodge Ruffians of Missouri—of the Marshal Blucher order for the payment of taxes—of the renewal of the warrants for the arrest of scores of Free State men and of the revival of the suit against Gov. Robinson for "treason."

If the "quiet" of Kansas has been disturbed, these are the disturbing elements. The Free State men have initiated nothing which should disturb the slumbers of any man or set of men who have not resolved to continue to trample upon the constitutional rights of the people of the Territory.—*Albany Eve. Journal.*

SALE OF LOST BAGGAGE.—During the past year the Central Railroad has gathered up over 2,000 pieces of lost baggage, consisting of all kinds of things, from juvenile valises to trunks large enough to be used for omnibuses. The sale of all this luggage commenced on the 18th inst., and will continue till the depot at the corner of Montgomery and Quackenbush streets is cleared out. The sales are made by an auctioneer, and lead to a great deal of fun and excitement. As everybody "goes it blind," no one can tell whether he has made a ten strike till he gets possession of the property. A man yesterday purchased a chest for $2—it contained $15 worth of tools. Another paid $5 for a valise that appeared to be loaded with money; it belonged to a geologist, and contained "specimen rocks," all very valuable to the geologist, but of no earthly account to the buyer. Last year a person bought a trunk for $4,50, on opening which he found a gold watch worth $60, $10 in money and some $85 worth of clothing. It is these "ten strikes" which make the sales so very interesting. No auction we ever attended begins with this lost baggage auction for excitement and sharp practice. The articles disposed of yesterday sold at all kinds of prices. Some went off as low as eight cents, while the majority ranged from $2 to $5. One old gentleman of the Hebrew profession, bought a whole cart load. He expects to make $600 by the operation. Whether he will do so will be known when he takes an inventory of the jack planes and musical boxes which were struck off to him. People fond of fun should attend the auction and see how its done.—*Albany Knickerbocker.*

VOLCANIC ERUPTION.—A gentleman who left the Sandwich Islands about fifty days since, states that just before he took his departure, news was received that the volcano of Mauna Loa, on the island of Hawaii, had again become fearfully active, and as the lava discharged at the last eruption approached within seven miles of the village of Hilo, filling up the unevenees of the surface down to that point, a distance of 60 or 70 miles from the crater, there was great apprehension that the present eruption would either bury that village entirely, or undermine it and carry it into the sea. This last apprehension resulted from the action of the lava at the last eruption; it having in several instances appeared to stagnate for a while, but afterwards burst out lower down the mountain and carried all before it.—Forests were broken down and destroyed by it like bulrushes. The village of Hilo contains a population of about 500 persons, including perhaps a dozen white families. It is situated on the north-easterly side of the island, and such is the surface of the ground, that if the lava ever finds its way to the sea, it must be, apparently, over the ruins of this village. The present eruption is from the same crater as the last. It is not on the extreme apex of the mountain, but from a position somewhat lower down, on the easterly or north-easterly slope, looking towards Hilo.—*Rochester Democrat, 20th.*

Huidekoper's Addition.

WE SHALL HAVE in about a week 150 lots for sale in this beautiful addition, which is conceded by every one to be the handsomest land in the city limits.

This is a part of Horace Chase's farm, lying between Bradley & Metcalf's and Judge Smith's addition. The land slopes gently towards the Bay, and commands a fine view of the lake and city. It is in the most healthy part of the city, and from the lay of the land there will be little expense from grading.

We will sell these lots at a fair price and on easy terms.

BADGER STATE SAFES!
FIRE & BURGLAR PROOF

THE WIDE-EXTENDED and constantly increasing reputation which our safes have acquired, for unequalled durability and finish, warrants us in calling the attention of the public to our increased facilities for manufacturing the same.

The numerous improvements which we have added to our steam Works, (Nos. 215, 217 and 221 East Water St.) places us beyond the reach of competition in our line of business.

The severe tests which the Badger State Safe has stood both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

THE DAILY SENTINEL.

A Touching Incident—The Love of a Child.

(From the Rochester Democrat.)

The death of a lovely child was mentioned in our paper a few days ago, and we have just heard of an incident connected with that event which touches all the tender feelings of the human heart. Among the many destitute children who daily seek their food from door to door, is a small girl who frequently went to the house were the little deceased boy lived. Sometimes she lingered for a few moments, and by degrees became acquainted with and attached to this lovely child; until finally she often remained a long while, and shared in its amusements. The sequel shows that during this time an attachment was formed, the strength and tenderness of which was only known when the little one was cold in death.

The evening before the funeral the little beggar girl went to the kitchen, the place she was accustomed to go to, and remained until after nine o'clock, hoping, as has since appeared, to get a glimse of the corpse of her little friend. When the procession started for Mt. Hope she was observed by an uncle of the deceased to be near, and sobbing as though her heart was broken, but no one new the cause of her grief. Arrived at the entrance to the place of burial, she was again seen, having walked and run all the way in a warm day, the sweat pouring from her sun burnt face and brow, and she panting for breath. She followed on to the grave, and after the services and the lowering of the little sleeper to his final earthly rest, the apparently friendless stranger was questioned as to the cause of her grief; and then, for the first time it was found that she was grieved, as only her sobs could tell, at the loss of the little child, who, when she came on her daily errand, had entwined itself around her heart. The little girl—the child of poor parents—goes in the plainest garb; it may be soiled and torn—her feet bare, and her whole appearance, so far as dress is concerned, indicating extreme poverty; but under all this, if the incident alluded to is an index to what the eye cannot see, she has a heart containing a jewel, which God himself will give a place in his crown.

THE FIELD'S.—Few families of brothers exhibit more talent and enterprise than the Field's, natives of Stockbridge, Mass., but now all occupying prominent positions before the country.

Cyrus W. Field, long known as an extensive dealer in paper in the city of New York, has lately rendered his name familiar to the world by his prominent connection with the Ocean Telegraph. Mathew D. Field, State Senator from this county, is also engaged in the same enterprise, and is at this moment cruising with the company's steamer in the vicinity of Trinity Bay, awaiting the arrival of the vessels with the cable, and the result of the experiment.

David Dudley Field, is known as a distinguished lawyer in New York.

Stephen J. Field is the Democratic candidate for Judge of the Supreme Court in California.

Jonathan E. Field is an able and prominent lawyer in Stockbridge Berkshire county, Mass., and if not so widely known is not behind the others in ability.—*Exchange.*

AHABATH ACHIM INSTITUTE.

THE WANT HAS LONG BEEN FELT in this city of an establishment for the instruction of the youth of both sexes, in not only the usual indispensable branches of education, but in those higher and varied attainments which constitute the course of instruction pursued almost exclusively in the higher schools or colleges, such as the classical, oriental, and modern languages, the sciences, etc.

With a view to supply this deficiency, the Board of Directors of the above society have been induced to establish an educational Institute, in which pupils shall go through a complete course of an accomplished literary and scientific instruction, from the very earliest rudiments taught children of very tender age, to those various branches taught hitherto in institutes, properly called "of learning," such as the Hebrew, Greek and Latin, the German, French, Spanish, Italian, Portuguese and other languages, etc. Instruction will be communicated through the medium of the English and German languages.

The Directors have already engaged teachers of great experience and acknowledged abilities.

They have opened spacious and well-ventilated school-rooms, and the school will be opened on the 1st of September next.

Parents and guardians, who are desirous of sending their children or wards (of either sex) to this institution, will please apply to Mr. M. Otterbourg, the President, 171 East Water Street, or the Rev. Dr. Kalish, Superintendent, corner of Prairie and Fifth Streets, who will be glad at any time to give every requisite information.

PRAIRIE DU CHIEN AND ST. PAUL PACKET CO.,

IN CONNECTION WITH

MILWAUKEE & MISSISSIPPI R. R.,

SHIPPERS OF FREIGHT and the Merchants of the Upper Mississippi River are notified that merchandise for the various Landings marked to the care of the Milwaukee & Mississippi Rail Road at Prairie du Chien, will be received there on the Levee by the undersigned for shipment at Tariff Rates:—

By Steamer Milwaukee, Captain Hewitt.
" Itasca, " Whitten.
" Ocean Wave, " Andrews.

One of which new and powerful side wheel boats leaves the Prairie every day at 8 o'clock for St. Paul, arriving there the next day at 12 o'clock A. M.

It is the object of both the Road and the Boats to prevent all unnecessary charges, and as goods are transferred by the Rail Road Company directly from the cars to the Levee, without any expense to the consignee, no commissions whatever will be permitted to be charged.

Merchants will bear this in mind in making their shipments, and as it is the intention of every one connected with this Route to make it a popular one, no delay will take place in sending freights forward.

New Line of Propellers.

BUFFALO, CLEVELAND AND CHICAGO LINE. 1857 1857

During the season of Lake navigation of 1857, the following named Propellers will run between Buffalo and Chicago, touching at Cleveland and intermediate ports, forming a tri-weekly line for the transportation of freight and passengers:

Propeller	FOUNTAIN CITY......750 tons burthen.	
do	GALENA..............750	do
do	DACOTAH.............750	do
do	MENDOTA.............750	do
do	WENONA..............750	do
do	EVERGREEN CITY...650	do
do	CUYAHOGA............650	do
do	KENOSHA.............650	do

All of the above vessels are new, having been built within the past year, expressly for the Upper Lake trade, and are of great strength of hull and power of engine, securing to shippers of freight greater despatch, and a less rate of insurance than any other line.

They will be fitted out with all the modern improvements introduced for the safety of passengers and freight, with spacious and well arranged cabins for families and emigrants, affording them the cheapest, safest and quickest transit from Buffalo and Cleveland to ports on the west shore of Lake Michigan.

The vessels of this line will run in connection at Buffalo with the

NEW YORK CENTRAL RAILROAD,
AND THE
Troy and Western Line of Canal Boats,
On the Erie Canal; at Cleveland with the
Cleveland, Pittsburgh & Wheeling Railroad,

Furnishing each of these companies tri-weekly accommodations for the shipment of freight and passengers.

AMERICAN HOUSE, BOSTON,

CONDUCTED ON THE EUROPEAN PLAN.

Lewis Rice, Proprietor,

RESPECTFULLY announces that in compliance with the very general preference expressed for the European system of hotel management, that the American House will hereafter be conducted solely on that plan. Well furnished parlors and sleeping apartments will be let by the day, or for longer periods. Meals served in the gentlemen's hall at all hours of the day and evening. The ladies' dining hall will be opened in like manner for ladies, and gentlemen accompanied by ladies. The accommodations and conveniences are unsurpassed, and the recent improvements and alterations leave nothing to be desired. Suburban residents will find the arrangements especially convenient. TEN YEARS' ACQUAINTANCE WITH West's Cement Roofing.
SUCH FACTS as are herewith and have heretofore been presented to the public, where this roofing material has been used any considerable length of time, that the misrepresentations of the designing and unscrupulous have failed to seriously injure its reputation or impair the confidence of a discriminating public.
It is very well known that a large number of the most elegant residences, commercial blocks and public edifices ever erected in this city are under the protection of this *fire and water proof roofing*, and that it has given such universal satisfaction here as elsewhere, that the demand for it this season is more than double what it was last year, notwithstanding the strenuous efforts made to introduce various other articles for a similar purpose.
SYRACUSE, June 12th 1857.
The undersigned has been acquainted with West's Galvanic Cement, for nearly *ten years* past, and has had it applied to his buildings in several instances. He is so well satisfied with its durability and general *fire and water proof qualities* that he has applied it to some new buildings which he has erected during the past winter and spring.
There is no doubt but the *cement* is in better repute here *than ever before.* A. CRIPPEN.
SYRACUSE, June 15th 1857.
This may certify that I had a building covered with West's Galvanic Cement some *four or five years* ago and at the time of its destruction by fire last fall the roof was perfectly tight.
I have no hesitation in recommending the cement to those who wish to procure good and lasting roofs.
N. B. When the building was burned, the *roof did not take fire at all* until the roof boards burned through.
ALEXANDER DUFF.
SYRACUSE, June 19, 1857.
The undersigned occupied a building covered with West's Galvanic Cement, which was burned in the great fire last fall. The roof had been on two years and at the time of the fire was apparently as good as when first put on. The fire was blown in perfect torrents of flame directly upon the roof and it did not take fire, and when the walls fell the roof was entire except where the roof boards were burned completely through; *there could not have been a more thorough trial by fire and nothing could have stood the test* better than this Roofing material.
E. HAMMOND,
G. F. JOHNNOT.
SYRACUSE, June 18, 1855.
West's Cement Roofing is more extensively used here and in all the large towns than it ever was before.
This roofing composition rests upon its own merits, and *where it has been used, needs no recommend.* There are hundreds who have had roofs on from *two to five years and not one has failed* that was well done. *It will last twice as long as the best tin.*
N. F. GRAVES.
MILWAUKEE, July 27, 1857.
I have been a resident here twenty-two years, laid the *first brick* and topped out the first chimney in this city, and have been a builder ever since; am acquainted with all kinds of Roofing, and, in my estimation *West's Galvanic Cement* is superior to any other in use *in all respects.* WILLIAM SIVYER.
I have been extensively engaged in building for nearly twenty years in the city of Boston, and am acquainted with various kinds of Roofing material. I regard *West's Composition Roofing* as the best article for covering buildings now in use. I have had it put on to a dwelling house which I have built this season for myself.
Oshkosh, August 1st, 1857 GEO. CHASE.
Architect and Builder.
To the proprietors of West's Patent Galvanic Roofing:
GENTLEMEN:—We are some of the numerous property-holders of this city who have availed ourselves of the advantages which your Elastic Composition Roofing Material affords, and we most cheerfully and unhesitatingly say, that our experience and observations thus far, fully sustain and corroborate the proof you have heretofore presented to the public, through the Milwaukee press, of the *superior claims of your roofing material:*
J. B. Cross, Daniel Newhall, Alanson Sweet, E. B. Wolcott, A. Button, O. Alexander, M. A. Krug, B. Heller, Ernst Herzer, F. A. Hallman, builder, Tibbetts, Starkweather & Co., J. B. Turey, Wm. P. Young, John Roseback B. & B. Stasts, Th. Wettstein, Babcock Bros., builders, W. H. Metcalf, G. Pfister & Co., Haven Powers, G. A. Starkweather, J. B. Weld, Chapin, Gregory & Armour, Baker & Isham, Chas. R. Austin, J. H. Silkman, Martin Ouren, Elisha Starr, P. Lowe, W. P. Merrill, H. Ronkle, builder, Chr. Preusser, E. Rodda & Co., Geo F. Austin, H. A. Nichols, Martin & Ruger, builders, H. H. Camp.
Within the past year I have paid Three Hundred and Seventy Three Dollars for repairing leaky and defective roofs. The Composition used for such improvements is known as West's Galvanic Cement for Roofing, I am so well satisfied of the value received for the expenditure and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan sts.
ALEXANDER MITCHELL.
From our knowledge of the composition for covering buildings, buildings, known as "West's Galvanic Cement" for Roofing, which has been very extensively used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use and worthy of the fullest confidence of the public.

The Newhall House and the Excelsior Block, two of the most elegant, costly and imposing structures ever erected in the West, are covered with this roofing material, and two more *perfectly tight* and *water-proof roofs* cannot be found *in this or any other city, as owners, builders and architects* will testify. We refer to this for obvious reasons.
Numerous town and county rights have been purchased by architects, builders and practical men, who are applying this roofing material in various parts of the State, from whom we are obtaining large orders for stock.
Individual rights, with stock and printed directions, furnished at reasonable rates, to any part of the State, which has not been disposed of.
Any amount of additional proof in relation to the superiority of this roofing material over *any and every other article* now in use, can be seen by calling at our office, 260 E. Water st. J. Y. CHENEY & Co.

As no odor proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will immediately disappear. It is the article used by the Kid Glove Manufacturers of France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans kid slippers and white and colored kid gloves elegantly. It is also an excellent article for the toilet, and for beautifying the complexion removing tan, pimples, &c., far exceeds in excellence any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it.—It can be obtained of all Druggists and Dealers in Fancy Goods in Milwaukee, and at wholesale of the sole proprietors CLARK & CO., 355 BROADWAY, NEW YORK. A liberal discount to the trade. As there is an inferior article in the market, buyers will be careful to see that the name of CLARK & Co. is upon each bottle which they purchase. je11e574d3moSS

E. & J. HOLMES'
IMPROVED
SEAMLESS WHALEBONE SKIRTS.
WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

MEDICAL.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
ROXBURY, Mass.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

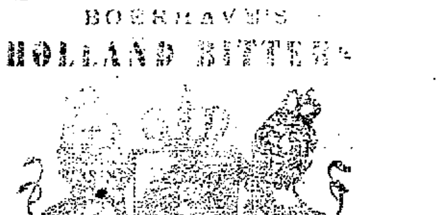
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS.
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.
NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.
CAUTION!
The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
Sold at $1.00 per Bottle, or six Bottles for $5.00, by the

CONGRESS WATER.
TO SOUTHERNERS:
DRINKERS OF CONGRESS WATER.
AN inferior article of Mineral Water is advertised, and sold under the name of Saratoga Water, the word "Saratoga" being used by counterfeiters in cases where they dare not risk selling their fictitious article as "Congress Water." The success of the cheat arises from Congress Water having been so often called Saratoga Water, that many people suppose that its true and only name. Taking advantage of this, the spurious article is so put up, with names, marks, and bottles, as to resemble as near as they dare Congress Water, and mostly sold as an imitation of it to those acquainted with the distinguishing marks and brand, peculiar flavor and qualities of the genuine Congress Water. There are a multitude of Springs at Saratoga, the water from any of which might be sold "Saratoga Water," by persons whose scruples of conscience extend only to cases where they are liable to pecuniary punishment, and yet the article so imposed on the public be worthless or injurious. If you want genuine Congress Water buy it of respectable dealers only, and in all cases observe that the Brand on the Cork is CONGRESS C. & W. WATER, for without those words and letters, it is a swindling counterfeit. CLARKE & WHITE,
Proprietors of Congress Spring, Saratoga Springs, and No 18 Thames Street, New York.
